

Notice 1036

(Rev. December 2013)

Department of the Treasury
Internal Revenue Service

Early Release Copies of the 2014 Percentage Method Tables for Income Tax Withholding

Future Developments

For the latest information about developments related to Notice 1036, such as legislation enacted after it was published, go to www.irs.gov/notice1036.

Percentage Method Tables for Income Tax Withholding

Attached are early release copies of the Percentage Method Tables for Income Tax Withholding that will appear in Publication 15 (Circular E), Employer's Tax Guide (For use in 2014). Publication 15 (Circular E) will be posted on IRS.gov and available at IRS offices in early December 2013.

The wage amounts shown in the Percentage Method Tables for Income Tax Withholding are net wages after the deduction for total withholding allowances. The withholding allowance amounts by payroll period have changed. For 2014, they are:

<u>Payroll Period</u>	<u>One Withholding Allowance</u>
Weekly	\$ 76.00
Biweekly	151.90
Semimonthly	164.60
Monthly	329.20
Quarterly	987.50
Semiannually	1,975.00
Annually	3,950.00
Daily or Miscellaneous (each day of the payroll period)	15.20

When employers use the Percentage Method Tables for Income Tax Withholding, the tax for the pay period may be rounded to the nearest dollar. (If rounding is used, it must be used consistently.) Withheld tax amounts should be rounded to the nearest dollar by dropping amounts under 50 cents and increasing amounts from 50 to 99 cents to the next higher dollar. For example, \$2.30 becomes \$2 and \$2.50 becomes \$3.

Withholding Adjustment for Nonresident Aliens

For 2014, apply the procedure discussed below to figure the amount of income tax to withhold from the wages of nonresident alien employees performing services within the United States.

Note. Nonresident alien students from India and business apprentices from India are not subject to this procedure.

Instructions. To figure how much income tax to withhold from the wages paid to a nonresident alien employee performing services in the United States, use the following steps.

Step 1. Add to the wages paid to the nonresident alien employee for the payroll period the amount shown in the chart below for the applicable payroll period.

Amount to Add to Nonresident Alien Employee's Wages for Calculating Income Tax Withholding Only

<u>Payroll Period</u>	<u>Add Additional</u>
Weekly	\$ 43.30
Biweekly	86.50
Semimonthly	93.80
Monthly	187.50
Quarterly	562.50
Semiannually	1,125.00
Annually	2,250.00
Daily or Miscellaneous (each day of the payroll period)	8.70

Step 2. Use the amount figured in *Step 1* and the number of withholding allowances claimed (generally limited to one allowance) to figure income tax withholding. Determine the value of withholding allowances by multiplying the number of withholding allowances claimed by the appropriate amount in the table shown earlier. Reduce the amount figured in *Step 1* by the value of withholding allowances and use that reduced amount to determine the wages subject to income tax withholding. Figure the income tax withholding using the Percentage Method Tables for Income Tax Withholding provided on pages 3 and 4. Alternatively, you can figure the income tax withholding using the Wage Bracket Tables for Income Tax Withholding included in Publication 15 (Circular E) (For use in 2014).

Social Security and Medicare Tax for 2014

For social security, the tax rate is 6.2% each for the employee and employer, unchanged from 2013. The social security wage base limit is \$117,000. The Medicare tax rate is 1.45% each for the employee and employer, unchanged from 2013. There is no wage base limit for Medicare tax.

Additional Medicare Tax Withholding

In addition to withholding Medicare tax at 1.45%, you must withhold a 0.9% Additional Medicare Tax from wages you pay to an employee in excess of \$200,000 in a calendar year. You are required to begin withholding Additional Medicare Tax in the pay period in which you pay wages in excess of \$200,000 to an employee and continue to withhold it each pay period until the end of the calendar year. Additional Medicare Tax is only

imposed on the employee. There is no employer share of Additional Medicare Tax. All wages that are subject to Medicare tax are subject to Additional Medicare Tax withholding if paid in excess of the \$200,000 withholding threshold. For more information on what wages are subject to Medicare tax, see the chart, *Special Rules for Various Types of Services and Payments*, in section 15 of Publication 15 (Circular E). For more information on Additional Medicare Tax, visit [IRS.gov](https://www.irs.gov) and enter "Additional Medicare Tax" in the search box.

Percentage Method Tables for Income Tax Withholding
